Am

Dm

You walk like a zombie. You talk like a zombie.

F

It's not in your head, you're a living dead.

E7

Am

Whatever you're gonna do you're gonna make me cry.

D

G

D

And you wanna hold hands in the cemetery,

G

D

And you wanna be lost for all eternity,

G

D

And everything is dark and kind of scary,

G

D

And you crave the full moon, but I don't care!

G

D

And you want a mountaintop with a little castle,

G

D

And you wanna name our kids Morticia and Fester,

G

D

And all the flowers you bring are always dead,

G

D

And you howl at the moon, but I don't care!

Am

Dm

Six feet under, you make me wonder ...

F

You wanna be undead so you can be hunted.

E7

Am

But whatever you're gonna do I'm gonna follow you

(Chorus x2)
