

Gotta Be Me (from *Teen Beach 2*)

Ross Lynch Maia Mitchell (2015)

You and me are meant to be like a brand new board and an awesome wave.
Thing is, honey, I'm your need for every chillin' an' tryin' to catch some waves.
Without you I'll sing the blues, said I'll rock, rock, rock, rock, rock and roll.
So I'm hopin' you miss me too and you're down to do whatever since I rode the moon.

March to the beat, I march to the beat gonna do my thing.
March to the beat, I march to the beat gonna do my thing.

C'mon and feel this beat, 'cause I gotta be me.
You let' em move those feet, and it'll set you free.
C'mon you need to see that I gotta be me,
I gotta be, gotta be, gotta gotta be me.

C'mon and feel this beat, 'cause I gotta be me.
You let' em move those feet, and it'll set you free.
C'mon you need to see that I gotta be me,
I gotta be, gotta be, gotta gotta be me.

Like you, I'm original, trying to move this world from where it's at.
You're laid back and I get stressed, yeah,
whenever we're together we're more than that.
My motto is "seize the day and night," and yours says 'let's go with the flow.'
There's no reason to say goodbye, not if you're fast enough for a girl on the go!

March to the beat, I march to the beat gonna do my thing.
March to the beat, I march to the beat gonna do my thing.

C'mon and feel this beat, 'cause I gotta be me.
You let' em move those feet, and it'll set you free.
C'mon you need to see that I gotta be me,
I gotta be, gotta be, gotta gotta be me.

C'mon and feel this beat, 'cause I gotta be me.
You let' em move those feet, and it'll set you free.
C'mon you need to see that I gotta be me,
I gotta be, gotta be, gotta gotta be me.
