

## That Lucky Old Sun (Just Rolls Around Heaven All Day)

Willie Nelson (1976)

---

G                      Em                      Bm                      C      D                      G  
Up in the morning, out on the job, work like the devil for my pay.  
C                      Cm                      Bm                      C      D                      G      D  
That lucky old sun ain't got nothing to do, Roll 'round heaven all day.

G                      Em                      Bm                      C                      G  
Fuss with my woman, toil for my kids, and sweat 'till I'm wrinkled and grey,  
C                      Cm                      Bm                      C      D                      G      D  
That lucky old sun ain't got nothing to do, Roll 'round heaven all day.

Bm                      C                      G      D                      G  
Dear Lord above, can't you see I'm cryin', tears are in my eyes.  
Em                      Bm      C                      G      Am                      D  
Send down a cloud with a silver lining, take me to paradise.

G                      Em                      Bm                      C      D                      G  
Show me that river, lead me across, and take all my troubles away.  
C                      Cm                      Bm                      C      D                      G      D7  
Like the lucky old sun, I'll have nothing to do, roll around heaven all day.

G                      C                      Cm                      Bm                      C      D                      G  
Like the lucky old sun, I'll have nothing to do, roll around heaven all day.
