

Good day in my mind, safe to take a step out, get some air now, let your edge out.
Too soon, I spoke, you be heavy in my mind, can you get the heck out?
I need rest now, got me bummed out.
You so, you so, you, baby, baby, babe, I've been on my empty mind sh**.

I try to keep from losin' the rest of me, I worry that I wasted the best of me on you, baby.
You don't care, said, not tryna be a nuisance, it's just urgent,
Tryna make sense of loose change, got me a war in my mind, gotta let go of weight,
Can't keep what's holding me, choose to watch, while the world break up and fall on me.

All the while, I'll await my armored fate with a smile.
Still wanna try, still believe in good days, good days, always good days.
Always inside (always in my mind, always in my mind, mind),
Good day living in my mind.

Tell me I'm not my fears, my limitations. I disappear, if you let me.
Feeling like on your own, feeling like Jericho, feeling like Job when he lost his sh**.
Gotta hold my own, my cross to bear alone, I, ooh, paid a deal, way to kill the mood.
Know you like that sh**, yeah, groovy baby, baby, heavy on my empty mind sh**.

I gotta keep from losin' the rest of me (losin' the rest of me).
Still worry that I wasted the best of me on you, babe.
You don't care, said, not tryna be a nuisance, it's just urgent (it's urgent).
Tryna make sense of loose change, got me a war in my mind (my mind).
Gotta let go of weight, can't keep what's holding me, choose to watch,
While the world break up and fall on me

All the while, I'll await my armored fate with a smile.
Still wanna try, still believe in good days, good days on my mind,
good days, good days on my mind,
Always sunny inside (always in my mind, always in my mind, mind),
Good day living in my mind.

Gotta get right, tryna free my mind before the end of the world.
I don't miss no ex, I don't miss no text, I just choose not to respond.
I don't regret, just pretend shit never happened.
Half of us layin' waste to our youth, is in the present.
Half of us chasin' fountains of youth, and it's in the present now.

Always in my mind, always in my mind, mind,
You've been making me feel like I'm always in my mind, always in my mind, mind.
