

Used to dread the month of June, 'Cause it reminded me of you.  
It always came around too soon. Not anymore.  
The part of me I had to find, 'Cause it was killing me inside.  
Yeah, you were always that goodbye I wasn't ready for.

Yeah, I figured this was something I'd deal with my whole life.  
Stuck pushing my past to the side,  
This is what it's supposed to feel like.  
Now I look up and I see you in the sky, oh.

Butterfly, butterfly, butterfly.  
Butterfly, butterfly, butterfly.  
Butterfly, butterfly, butterfly.

Forgiveness is the hardest truth,  
It's something that you have you to choose.  
Well, at least I got my heart from you.  
That much I'm grateful for I know because -

You lying taught me about honesty, honesty.  
You leaving gave me my loyalty, loyalty.  
I'm growing into who I'm meant to be,  
No more looking for a sign.

This is something I'd deal with my whole life.  
Stuck pushing my past to the side.  
This is what it's supposed to feel like.  
Now I look up and I see you in the sky, oh.

Butterfly, butterfly, butterfly.  
Butterfly, butterfly, butterfly.  
Butterfly, butterfly, butterfly.

It was painful, it was needed,  
See you changing right in front of me.  
You were never really graceful,  
Now you're just what you're supposed to be.

I can feel you, Like I need to, I can see you flying over me, Flying over me

Oh, butterfly, butterfly, butterfly  
Butterfly, butterfly.
