

When I'm furthest from myself (far away),
Feeling closer to the stars (outer space),
I've been invaded by the dark (can't escape),
Trying to recognize myself when I feel I've been replaced.

When I'm furthest from myself (far away),
Feeling closer to the stars (outer space),
I've been invaded by the dark (can't escape),
Trying to recognize myself when I feel I've been replaced.

I can feel a kick down in my soul (oh)
And it's pulling me back to Earth to let me know (oh)
I am not a slave, can't be contained,
So pick me from the dark and pull me from the grave, cause -

I still feel alive, when it is hopeless, I start to notice.
And I still feel alive, falling forward, back into orbit.

So, when I lose my gravity in this sleepy womb,
Drifting as I dream, I'll wake up soon,
To realize the hand of life is reaching out,
To rid me of my pride, I call allegiance to myself.

But I can feel a kick down in my soul,
And it's pulling me back to Earth to let me know
I am not a slave, can't be contained,
So pick me from the dark and pull me from the grave, cause -

I still feel alive, when it is hopeless, I start to notice.
And I still feel alive, falling forward, back into orbit.
Oh, I still feel alive, it is hopeless, I start to notice.
Oh, I still feel alive, falling forward, back into orbit.

I can feel a kick down in my soul,
And it's pulling me back to Earth to let me know,
And this heart that beats inside of me will show, it will show ...

Floating in outer space, have I misplaced a part of my soul?
Lost in the in-between, or so it seems, I'm out of control.
Floating in outer space, have I misplaced a part of my soul?
Lost in the in-between, but it can't keep me asleep for long, 'cause -

I still feel alive (I can feel it), when it is hopeless (it ain't hopeless), I start to notice (start to notice).
And I still feel alive (I can feel it), falling forward (falling forward), back into orbit (back into orbit).
Oh, I still feel alive (I can feel it), when it is hopeless (it ain't hopeless), I start to notice (start to notice).
Oh, I still feel alive (I can feel it), falling forward (falling forward), back into orbit (yeah).

I still feel alive (I can feel it), it ain't hopeless, I start to notice.

I still feel alive (I can feel it), falling forward (yeah).

I still feel alive. I still feel alive.
