

1 Yeah, look, I don't do drugs, I'm addicted to the pain though.  
2 Yeah, I been on it for a while, dunno how to put it down.  
3 Gotta have it, it's a habit I'ma break though.  
4 I just wanna take a hit, keep sayin' I'ma quit.  
5 Keep sayin' I'ma leave, but I stay though.  
6 I just want a little fix, I don't wanna take a risk.  
7 I don't like it when I drift from the safe zone.

8 But lately, I been thinkin' I'ma have to,  
9 Lettin' go of things that I'm attached to.  
10 World don't stop just because I'm in a bad mood.  
11 You don't know what love is 'til you holdin' onto somethin' that you can't lose.  
12 I swear I'm tryna get it together,  
13 Sleeves up, puttin' work in, tryna be better.  
14 I like to rap, but I ain't gon' do it forever.  
15 Forget the charts, I've been focusin' on holdin' my head up.

16 Moment I get up, I just wanna know I'm doin' my best.  
17 And if I'm not, Lord forgive me, you can have the regrets  
18 'Cause I can feel the water tryna go up over my head,  
19 Most of my life, I always felt like I was holdin' my breath,  
20 Holdin' my chest to be honest, so I'm tired of it,  
21 Lookin' for somethin' in my life to be inspired again.  
22 I like to walk around and act like I don't know what it is,  
23 But I know what it is, I just never wanna commit.

24 Runnin' from change, I'm lookin' for change.  
25 I'm searchin' for change, I'm lookin' for change.  
26 I just want, I just want change.

27 Yeah, I don't like new things, got a lot of mood swings.  
28 Oh, you wanna tell me somethin' negative? I don't wanna hear what you think.  
29 Yeah, tossin' in my sleep, every night feel like two weeks,  
30 Thinkin' 'bout how I could have done this or done that better.  
31 Can't help it, that's just me (lies): that's me avoidin' the change.  
32 Yeah, that's probably why the issues ain't goin' away.  
33 Yeah, that's probably why I always sit around and complain.  
34 Tellin' myself that I ain't never gettin' out of this place.

35 Out of my face if you tellin' me I need to be different,  
36 That's the issue though, I'm always insecurity-driven.  
37 Takin' the wrong turns, actin' like I know where I'm headed.  
38 Waitin' for somethin' bad to happen, I can snap any minute.

39 I need change. Yeah, that's kinda easy to say, right?  
40 But difficult to do when I feel like I hate life,  
41 And everyone around me kinda thinks I'm a great guy,  
42 But I don't ever think it, so I think I'm a fake liar.

43 Change, it's somethin' that I know I should do.  
44 I'm a little uncomfortable to tell you the truth,  
45 But to be honest with you lately, I got nothin' to lose.  
46 See, I've always been full of pain, but now I'm makin' some room.

47 Lookin' for change; I'm lookin' for change.  
48 I'm searchin' for change, I'm lookin' for change.

49 I just want, I just want, I need a moment of silence.  
50 I don't like change, but I'll try it.  
51 I don't wanna hear what I should or I shouldn't do. Why are they always defiant?  
52 See, all my emotions are liars, all my emotions are violent:  
53 They don't want freedom to find me, mention a name and everybody riots,  
54 (Change) Yeah, that's why I'm checkin' my vitals  
55 They keep on workin', but I know  
56 Breathin' don't mean you're alive so  
57 I bag up all of my trash and walk out on my tightrope.  
58 Positive thoughts are my rivals (change), I'm tryna be on their side though.  
59 Should I feel comfortable? I don't.  
60 Last year, I felt suicidal, this year I might do somethin' different like talkin' to God  
more.

61 I'm lookin' for change; I'm lookin' for (yeah), I'm searchin' for change.  
62 I'm lookin' for, I just want, I just want change.  
63 I'm lookin' for (yeah), I'm searchin' for change.  
64 I'm lookin' for, yeah (ay, ay), I just want, I just want change.  
65 Yeah, I'm lookin' for, I'm searchin' for change.  
66 I'm lookin' for (yeah), I just want, I just want change.  
67 I'm lookin' for (ay), I'm searchin' for change.  
68 I'm lookin' for, yeah I just want, I just want change.
