

I gotta get myself off the side of the road.
I gotta get myself up off the side of the road.
But things are lookin' clear as they've ever been,
don't know how it'll end, but I know where to begin.
Gotta get myself off the side of the road.

I got to quit lying to myself and let the truth be told.
I got to quit lying to myself and let the truth be told.
And I woke up burned out by the sun, tired of layin' still, so I'm movin' along.
Quit lying to myself, and let the truth be told, oh yes.

Ooh, ooh, hey, hey, I've gotta pick myself up off the ground, yeah.
Ooh, ooh, hey, hey, I've gotta pick myself up off the ground, yeah.

And I gotta hunt myself down a brand-new home.
I gotta hunt myself down a brand-new home.
Yeah, now I got the answer to my biggest question,
had to lose where I was to get my direction.
Gotta hunt myself down a brand-new home.

Oh, now the tears that I'm hiding, no they ain't for cryin'
Yeah, the tears that I'm hiding, no, they ain't for cryin'.
I'm never gonna let 'em start spilling out,
cause they pour down my body and they flood the ground.
The tears that I'm hiding, no they ain't for cryin'.

Ooh, ooh, hey, hey, I've gotta pick myself up off the ground, yeah.
Ooh, ooh, hey, hey, I've gotta pick myself up off the ground.

Ah, let the truth be told. Oh, baby, let the truth be told.
Ah, let the truth be told. Baby, let the truth be told.
Ah, mama, let the truth be told. Oh god, baby let the truth be told.

I gotta get myself up off the side of the road.
Ah, quit lying to myself and let the truth be told.
Well, my head is heavy and my heart is empty,
But my spirit is strong and my legs are ready.

Gotta get myself off the side of the road.
Quit lying to myself and let the truth be told. Look out!

Ooh, ooh, hey, hey, I've gotta pick myself up off the ground.
Ooh, ooh, hey, hey, I've gotta pick myself up off the ground again.
Ooh, ooh, hey, hey, I've gotta pick myself up off the ground again.
