

You won't find it by yourself.  
You're gonna need some help.  
And you won't fail with me around.  
Come on, let's go.

I will tell you if you change,  
And who's been saying things.  
It's hard to tell who is real in here.  
Come on, let's go.

You know who to turn to, now everything's changed.  
Come on, let's go.  
Stop looking for answers in everyone's face.  
Come on, let's go.  
What's the point in wasting time on people that you'll never know?  
Come on, let's go.

When you're looking for a friend,  
But it's empty at the end.  
When everybody disappears,  
You won't be alone.

If you want, I'll compensate,  
If you overestimate.  
So there's nothing left to fear.  
You won't be alone.

You know who to turn to, now everything's changed.  
Come on, let's go.  
Stop looking for answers in everyone's face.  
Come on, let's go.  
What's the point in wasting time on things that you'll never know?  
Come on, let's go.

You know who to turn to, now everything's changed.  
Come on, let's go.  
Stop looking for answers in everyone's face.  
Come on, let's go.  
What's the point in wasting time on people that you'll never know?

When you know who to turn to, now everything's changed.
