

I'm gonna keep rollin' on (on),
No matter what the world may do (do).
'Cause with a love like this (like this),
There's nothing left to do (to do).

So let me tell you: It doesn't matter what you say, I'm still,
I'm still gonna float away for real.
In a minute, y'all, I'll be gone right or wrong.
I'ma just keep rolling on and on, and on and on.

No more wasting time (time),
I gotta get into this groove (groove).
'Cause with a love like this (like this),
I just can't help to move (move).

So let me tell you: It doesn't matter what you say, I'm still,
I'm still gonna float away for real.
In a minute, y'all, I'll be gone right or wrong.
I'ma just keep rolling on and on, and on and on.

It doesn't matter what you say, I'm still,
I'm still gonna float away for real.
In a minute, y'all, I'll be gone right or wrong.
I'ma just keep rolling on and on, and on and on.
