

Ya know, this road can get scary, and self doubt clouds your confidence. Stand in the mirror and say this:

I'm capable of winning. Come from humble beginnings,
And it doesn't matter (no) where I've been. Success is in my reach. I deserve it.
If I could tell the truth, been through a thousand things, but I'm not a victim. I let go the pain.
I got mountain moving faith. If I dreamed before then I can dream again

I ain't gotta apologize for my desire to live a life that I can be proud of and it's my time.
So ain't nobody standing in my way.

I believe in me, and where I am right is where I need to be.
My past does not deter me, wanted and I'm worthy. There is no limit to what I can achieve.

I believe in me, and where I am right is where I need to be
My past does not deter me, wanted and I'm worthy. There is no limit to what I can achieve.

I'm assertive, yet gentle, and I'm modest, but I'm powerful.
And I'm confident in my business. No excuses. Yep, I'm committed.
To step out of my comfort zone, I'm not afraid.
See I don't wanna block what God has for me.

I'm watching what I feed my mind – good energy.
And I let go the people that's no good for me.
See I'm fully persuaded that I can do this. Yep, I can make it.
I'm an entrepreneur with integrity. I lack nothing, and ain't no sense in jealousy.

I ain't gotta apologize for my desire to live a life that I can be proud of and it's my time.
So ain't nobody standing in my way.

I believe in me, and where I am right is where I need to be.
My past does not deter me, wanted and I'm worthy. There is no limit to what I can achieve.

See, you good girl. You've got this, and there is nothing that you cannot do.
You're strong and you're so smart. You were born great. Everything you touch turns gold.
But you gotta believe that even when you don't understand the process
The blood, sweat and tears are worth it all.

I believe in me, and where I am right is where I need to be.
My past does not deter me, wanted and I'm worthy. There is no limit to what I can achieve.

I believe in me, and where I am right is where I need to be.
