

Take you like a drug, I taste you on my tongue.

You ask me what I'm thinking about.

I tell you that I'm thinking about whatever you're thinking about.

Tell me something that I'll forget, and you might have to tell me again.

It's crazy what you'll do for a friend.

Go ahead and cry, little girl. Nobody does it like you do.

I know how much it matters to you. I know that you got daddy issues.

And if you were my little girl, I'd do whatever I could do

I'd run away and hide with you. I know that you got daddy issues, and I do too.

I tried to write your name in the rain, but the rain never came, so I made with the sun

The shade always comes at the worst time.

You ask me what I'm thinking about.

I tell you that I'm thinking about whatever you're thinking about.

Tell me something that I'll forget, and you might have to tell me again.

It's crazy what you'll do for a friend.

Go ahead and cry, little girl. Nobody does it like you do.

I know how much it matters to you. I know that you got daddy issues.

And if you were my little girl, I'd do whatever I could do

I'd run away and hide with you. I know that you got daddy issues.

I keep on trying to let you go, I'm dying to let you know how I'm getting on.

I didn't cry when you left at first, but now that you're dead it hurts.

This time I gotta know: where did my daddy go?

I'm not entirely here. Half of me has disappeared.

Go ahead and cry, little boy. You know that your daddy did too.

You know what your mama went through. You gotta let it out soon, just let it out.

Go ahead and cry, little girl. Nobody does it like you do.

I know how much it matters to you. I know that you got daddy issues.

And if you were my little girl, I'd do whatever I could do.

I'd run away and hide with you. I know that you got daddy issues, and I do too.

If you were my little girl, I'd do whatever I could do.

I'd run away and hide with you. I know that you got daddy issues, and I do too.
