

I swear to you that I won't make you fake it,
Say that you're ok, if you're wasting away.
I swear to you that I won't make you beg
For someone to stay when they wanna walk away.

*And I swear that I'll never say
That you are not enough,
And I swear that I'll never
Make you work so hard for love.*

**Hey, dreamer, hey, skyheart, Hey, silver lining eyes.
Hey, sunrise. Hey, starlight. You are a mountain inside.
You're brave. You're brave. You're brave. You're brave.
You're brave. You're brave, brave, brave.**

I swear to you that I would tell the truth,
When the whole world lies to you I'll be steady through and through.
I swear to you that I'll keep you awake,
When it's easier to sleep, cause you feel it all so deep.

*And I swear that I'll never make you small.
I'll never make you say you're sorry for nothing at all.*

**Hey, dreamer. Hey, skyheart. Hey, silver lining eyes
Hey, sunrise. Hey, starlight. You are a mountain inside.
You're brave. You're brave. You're brave. You're brave.
You're brave. You're brave, brave, brave.**

If I'm gonna break, ooh yeah,
I'll break like the dawn and I'll break like the ocean.
And if I'm gonna run, ooh yeah,
I won't run away, I'll run into the sun.

**Hey, dreamer. Hey, skyheart. Hey, silver lining eyes.
Hey, sunrise. Hey, starlight. You are a mountain inside.
You're brave. You're brave. You're brave. You're brave.
You're brave. You're brave, brave, brave, brave.**
